

ANACONDA

DF410 TRACKED SCREENER

The DF410 tracked screener

is a compact screener that packs a lot of punch! Designed as an entry level screener, the DF410 has a lot to offer customers looking to achieve the tonnages without the high price tag.

The DF410 is ideal in compact urban spaces and will get through tonnages of up to 300TPH. Anaconda's promise of quality products that containerise and don't cost the earth is once again demonstrated in this product which is suitable in many applications including Construction & Demolition (C&D) waste, crushed rock, topsoil, compost, sand & gravel, and coal.
